## 17. Enforcement Agency (EA) Conditions:

- a. The operator shall comply with all State Minimum Standards for solid waste handling and disposal as specified in Title 14, California Code of Regulations.
- b. The operator shall maintain a log of special/unusual occurrences. This log shall include, but is not limited to, fires, explosions, the discharge and disposition of hazardous or unpermitted wastes, and significant injuries, accidents or property damage. Each log entry shall be accompanied by a summary of any actions taken by the operator to mitigate the occurrence. The log shall be available to site personnel and the Local Enforcement Agency (LEA) at all times.
- c. Additional information concerning the design and operation of the facility shall be furnished upon request and within the time frame specified by the LEA.
- d. The maximum permitted daily tonnage for this facility is **412 tons per day total, with no more than 280 tons per day at the Transfer Facility** and shall not receive more than this amount without a revision of this permit.
- e. This permit is subject to review by the EA and may be suspended, revoked, or revised at any time for sufficient cause.
- f. The LEA reserves the right to suspend or modify waste receiving and handling operations when deemed necessary due to an emergency, a potential health hazard, or the creation of a public nuisance.
- g. Any change that would cause the design or operation of the facility not to conform to the terms and conditions of this permit is prohibited. Such a change may be considered a significant change, requiring a permit revision. In no case shall the operator implement any change without first submitting a written notice of the proposed change, in the form of an RFI amendment, to the LEA at least 180 days in advance of the change.
- h. A copy of this permit and the Transfer Processing Report shall be maintained at the facility.
- i. Records of employee training for health and safety, operation and maintenance of the site shall be maintained on-site and be available for inspection to the LEA.
- j. Stored recyclables shall neither interfere with facility operations nor cause a public health nuisance. The LEA reserves the authority to reduce the maximum storage time of recyclables as necessary to protect public health and minimize odors, litter, vectors and other nuisances.
- k. All boxes, bins, loading docks, tipping floors or other waste containers including waste transport vehicles shall be cleaned on a regular schedule to prevent a public health hazard or nuisance caused by litter, odors or vectors.
- l. Municipal solid waste, including green waste commingled with food waste material awaiting transfer shall not be stored on site for longer than 48 hours and shall be transported to a facility in compliance with Title 14 and/or Title 27.
- m. Prohibited waste that is inadvertently received at the facility shall be managed in accordance with procedures that are outlined in the Transfer/Processing Report and in compliance with all applicable laws and regulations.
- n. The maximum permitted vehicle trips per day for this facility is **193**, and shall not exceed this amount without a revision of this permit.
- o. Municipal solid wastes or recyclable materials that are inadvertently dropped onto the loading dock during the truck-to-truck transfer of waste material must be cleaned up immediately.
- p. The LEA reserves the right to implement mitigation measures to minimize noise and other nuisances from the operation of equipment or processing of materials/wastes at the site as necessary to protect public health, safety or the environment.
